

SAFE CLEAN

Chlorinated Safety Solvent

Description: Non-flammable, non-conductive, high purity solvent that dissolves grease, oil, tar, and other soils. Safe on electrical equipment even while in operation. Dries fast, residue free. Non-ozone depleting. No flash point. Features a powerful flush action valve. For use on motors, winding, generators, and switches.

Directions: Shake well before use. Saturate parts to be cleaned. Allow to air dry. For heavily encrusted areas, brush, then rinse off with a second application. May remove some paints, pretesting is suggested. DO NOT USE ON PLASTICS

Benefits-Features: DISSOLVES GREASE, OIL, TAR, AND OTHER SOILS • FAST-DRYING • RESIDUE-FREE • POWERFUL FLUSH ACTION VALVE • HIGH PURITY SOLVENT

Advantages: NON-CONDUCTIVE • NON-FLAMMABLE • NON OZONE DEPLETING • NO FLASH POINT • NON-CORROSIVE

Where to Use: INDUSTRIAL EQUIPMENT • HEATING AND AIR CONDITIONING EQUIPMENT • GENERATORS • ELECTRIC MOTORS • WINDINGS • POWER TOOLS

Recommended For: INDUSTRIAL PLANTS • CONSTRUCTION AND MAINTENANCE CREWS • AUTO SHOPS • FACTORIES
