

KILLS BEDBUGS II

Water-Based Insecticide

Description: KILLS BEDBUGS II is specifically geared for use on the re-emerging pest problem of bedbugs (*Cimex lectularius*) in commercial and residential properties. Can be used for a variety of bedbug harborage areas, including mattresses, baseboards, wall-ceiling joints, behind and underneath furniture, cushions and furnishings, etc. Kills Bedbugs, Fleas, Ticks, Spiders and inserts on the label.

Directions: **FOR BEDBUGS:** Remove linens and wash before reuse. Lightly spray mattresses, especially tufts, folds and edges. Apply to the interior of the bed frame. Allow to dry before remaking bed. Treat baseboards, moldings and floors. Repeat treatment as needed. **FLEAS & TICKS:** Apply as a spot and crack & crevice treatment to areas where these pests crawl and hide. Cover all food handling surfaces or wash thoroughly after treatment and before use. Exposed food should be covered or removed. Repeat as necessary but not more than once per week. **TICKS (INCLUDING TICKS THAT MAY CAUSE LYME DISEASE) AND FLEAS ON SURFACES:** Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. Put fresh bedding down once spray has dried. Do not spray animals directly. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use. **SPIDERS:** Apply along and behind baseboards, to window and door frames, and other areas over which these pests may crawl.
